PERFORMANCE: BRACE FOR IMPACT

In Brace for Impact three acrobats search for the limits of balance. In their quest of an equilibrium they find new ways of moving forward and travelling through space.

On their journey they explore each other's (im)possibilities and find out what it means to put all their weight in someone else's hands. Knot on Hands shows an innovative and more organic form of partner acrobatics, while emphasizing the pureness of the movement, and distinguishes itself using a unique physical language.

GENERAL INFO

Duration: 25-30 minutes

Language: non-verbal

Recommended audience: all ages

Location: indoor & outdoor

Number of acts per day: 2 performances a day with a break of 2 hours in-between

TECH SPECS

Dimensions performance area:

10 meters wide, 8 meters deep and 6 meters height.

Rigging: none

Sound/Light:

Lighting is required when night falls. Eight dimmable floor spotlights (pars) are sufficient as a basic setup. Please contact us in advance if you wish to discuss this.

Floor surface: a normal theatre floor.

Four outside, we can perform on the streets, on grass or woodland or on a stage. We can't perform on loose sand or slippery surfaces.

Special required conditions: we prefer an intimate location, so the audience can focus on the performance.

THE ARTISTIC COMPANY

Britt, Mario and Tijs are three young circus artists from The Netherlands, Germany and Belgium

Coming from different backgrounds and meeting at Codarts circus arts, they bring a whole entourage of ideas and skills into their acrobatic trio, Knot on Hands.
